Hi Dove,

Sorry for the slow reply.

I'll leave my colleagues to answer Q #1.

Answer to Q #2...please direct them to the following link:

Subject: Two Questions

Hi Emily, Rana, Patrick and Tim:

I have two questions.

- 1) A family physician in a local practice reached out about not having access to any masks to care for patients. She specifically mentioned being reticent to see patients in person if she does not have the appropriate PPE, i.e. a child that needs to be vaccinated but she does not know if the parents have COVID-19. Is there a point of contact within the province or a list of local public health authority they should triage their requests to? Of note, she also mentioned that the OMA sent out correspondence last Thursday and did not have answers about where doctors could go to ascertain their questions.
- 2) I have been asked by two firms about qualifying as an essential business. Do you have a website or point of contact with information around that?

Many thanks in advance,
Dove
