Dove - can you please follow-up early tomorrow with this group? And add to tracker etc...you know the drill.

Thx

Caitlin, I vouch for Elly here as someone with long government experience. Can we add this to the tracker? We should have someone reach out too.

Subject: FW: question

There is a group of companies (including one run by my son) looking to help provide engineering and manufacturing services to whomever in government or the para public sector might need them. Some of what they want to offer sounds important. I've attached a note. Any idea where they might send this?
