Hi Caitlin,

Can you also flag this one to the department? They can provide gowns, masks and most importantly, ventilators.

They have submitted their supplies on the portal. Reference number: **7468**

I've added them to the tracker.

Thanks!

Hi Leslie

This company is trying to furnish test kits and medical ventilator.
They're a serious company that has their security clearance by the market authority.

I just wanted to flag this to you. Because since they sent the offer through the Canada web site, I know it can be long.

Let me know what you think

Soraya

Hi Soraya,

As discussed.

This message is to inform you that the current offer is being made by a major computer supplier for the Government of Quebec, Quebec company **Hypertec Inc.** (<https://hypertec.com/>). This is a safe and serious offer, and the prices are reasonable. Hypertec's existing business relationship with the Getein pharmaceutical company (<http://en.bio-gp.com.cn/>) is what makes this offer possible.

I would also like to draw your attention to a new offer for 500 ventilators (see attached). For your information, the certifications for the other products are also attached.
