Subject: Re: Equipment and Essential Service

Okay! Sounds like it was just a miscommunication. All good.

Hope everyone is doing well over there!

Hey Allie,

Jane called this afternoon to ask whether she could include language in a media response around the GoC providing processors and inspectors PPE. I clarified that at this point we are not doing that, but that it may be a good idea to connect with our Policy lead Kelly (copied here) on the inspection piece as there was some engagement going on across offices on this, but did not refer to essential services.

Thanks,

Cecely Roy

Hey Allie,

Adding Cecely and Kelly from our team.

I think there may have been some broken telephone here. Cecely, can you clarify?

Joel

Hi Joel,

I heard (from your comms team to mine) that you guys might be assembling a list of essential workers/services who would be eligible for funding streams for safety equipment.

Assuming that's true, and you guys are making your own list and not just using the PS list, can we have a chat about getting fishers and seafood processors on that list?

Thanks!!

Allie
