Many thanks!

**Subject:** JWG IMPORT- INFORMATION ON MASKS

Good evening Mr. Laporte, As discussed, here is the information concerning an order for masks. All masks are imported from China. Our suppliers have a huge surplus of masks as a result of the virus. Now that their situation is under control, they want to dispose of them. The majority of the masks are in stock. The delivery timeline is between 4 and 12 days. It is difficult to be more specific with respect to delivery timelines in the current context. The masks have CE and FDA certification. Here are the prices for the various models based on the quantities desired. KN95 10000: \$2.55 50000: \$2.30 100000:\$2.05 1000000: \$1.80 N95 50000: \$2.50 100000: \$2.25 1000000: \$1.95 KN95 with valves 10000: \$2.65 50000: \$2.40 100000: \$2.20 1000000: \$1.90 medical masks 10000: \$1.25 50000: \$1.15 100000: \$1.10 1000000: \$0.95. Dear Kirsty, I escalated the issue of local suppliers last week who were claiming to me that they could procure tons of medical supplies from China if we had planes go in to obtain them. Can I please get an answer on this. If we are short supplies, why are we not doing this? See Lee's newest email below.

I cant even begin to express how upset i am that nothing has happened since we discussed the shortage of planes. I have urgent supplies for our own hospitals here and cant get them out of china as ups and fedex have no space! Why? Cuz same planes used to go to us a hubs....  
It is sickening to me that i told you as local mp and then filled in the web foret you told me about and nothing has happened!!  
Empty planes here! Crews doing nothing!  
Delmar cargo has stuff on the go with this and yet the Liberal government cant get their act together.  
Its 335k usd for a plane! Thats nothing compared to the massive amts you voted for.  
Do u realize how many masks and supplies can fit on this plane? Enough for the entire montreal island and then some!  
My suppliers in china begging us to get the stock out of their locations to ship!  
This could be PR disaster for the govt when for small dollars, supplies for hospitals would be here and the government can rent planes and did nothing You can call me if you want.
