Hi All,

First off, thank you very much again for taking the time to chat with our team yesterday. We found it to be a very useful first conversation to get a better grasp on what your government is doing and how we can better work together.

As promised, I wanted to pass along our website for where businesses can submit their ideas and capabilities around production and current levels of supplies. Our site includes a 1-877 number to troubleshoot questions, a place for businesses to submit what they have, and what they can make as well as a link to your own site.

<https://www.ontario.ca/page/how-your-organization-can-help-fight-coronavirus>

Additionally, we've had a few more conversation with our health team and have updated 6-12 month numbers that I will share momentarily. I'm about to hop on a call to get a few points of clarity that I would like to be able to provide with the numbers.

Wondering if this group could hop back on a call today? I would suggest 1:30 or 3:30 today for availability on our side, but let me know what may work best for you.

Thanks so much again, looking forward to continuing the conversation.

Em
