Good Afternoon Darian,

My apologies for the delay in receiving your email. My colleague Dove has moved to a new role. I am now the PSPC Ontario Desk responsible for your riding.

I recommend your constituent reach out to the contact person listed on the RFI page with these questions (nicole.genier@tpsgc-pwgsc.gc.ca). She is best placed to offer details or clarifying information regarding the RFI.

If your constituent has further questions about the procurement process, they can reach out to the Office of Small and Medium Enterprises (OSME) which maintains a network of six regional offices across Canada to ensure support for small and medium sized businesses. The office can be contacted through the national InfoLine at 1 800 811 1148 or at bpme.osme@tpsgc-pwgsc.gc.ca. Or your constituent can reach out to the Director General in the Ontario Region: adam.yule@pwgsc-tpsgc.gc.ca (289-979-8047).

Thanks,

Tyler Freeman

Subject: BuyandSell Tender

Good Afternoon Dovejot,

I hope this email finds you well.

We have been contacted by a constituent who has questions about the following government tender:
<https://buyandsell.gc.ca/procurement-data/tender-notice/PW-ZL-105-38463>

The website says: " The Government of Canada (GoC) is considering engaging a Third Party Service Provider for Federal Quarantine / Isolation sites that will be used to house and care for people for public health and other related federal requirements associated with the COVID-19 pandemic response. The Government is seeking feedback from current service providers about potential options for standing up, operating and managing all of the services associated with these sites. The purpose of this Request for Information (RFI) is to seek feedback from potential service providers in order to develop a strategy for the potential future management of these sites going forward."

Are you able to provide any clarity on what specifically the government is looking for feedback on? Also, can you clarify what is meant by "standing up" and "services associated with these sites"?

Thank you,
Darian Mills
