Dear Anita,

I got your email address from Adam Van Koeeverden. I am a good friend/supporter of Adam. I am in a position to buy 2500-5000 Ventilators from a European manufacturer at retail price without any markups, using some of my relationships.

I also have the ability to buy large quantities of N95 masks, hand sanitizers, gloves and other health related materials from another relationship in China. I am also prepared to donate \$1-2 Million as part of this gesture and purchase. Please let me know.

Alex Haditaghi
