Hi Serge-Eric,

My colleague was very speedy in getting back to me.

All the information you need can be found here: <https://www.canada.ca/en/health-canada/services/drugs-health-products/medical-devices/covid19-personal-protective-equipment/gowns.html>

You already have an MDEL, so it's just a matter of making sure the gowns meet the standards outlined on the website.

Please let me know if you have any other questions.

Thanks,

Chelsea

Hello Mrs Kusnick,

I'm sorry for the delay in responding for your request. I've tried to do an amendment to our previous form, but the system didn't want to accept our reference number. So I made an other submission.

You can find our product information under the number 57738 or 459921.

We are offering face shields for now:

Face shields

- **100% Canadian**
- 9\$/units for minimum order of 10000units.
- 20000 units/ week production capacity
- 10000 units in stock
- Meet and surpass CSA standards Z94.3:20
- **Made of recycled plastic, the shields are recyclable**

Our licence is 7450, and the product ARN 314198

We are here to stay and sale around to world. It would be nice to become an official supplier of the Canadian government. We are local!

We also have a new product for disposable surgical gowns. The gowns can be use for more then one time and are covered with and active anti-viral (and anti-bacterial) agent. **We need an official homologation, can you help us fast track the testing?**

Cordially,

Serge-Eric Blais, o.p.d.

Hello Mr. Blais,

Thank you for reaching out.

I invite you to fill out the form on this portal: <https://buyandsell.gc.ca/calling-all-suppliers-help-canada-combat-covid-19>
. Once you've submitted the form, please send me the reference number you receive so I can follow up with the department for you.

I will pass along your details to our procurement experts who will reach out to see if we can work together to provide protective equipment to our frontline workers across Canada.

Thank you very much for your support. Please let me know if you have any questions.

Best,

Chelsea Kusnick
