Hi everyone,

Looking into it now with HC comms. Will circle back once I find out more.

Thanks,

Camille

Would be surprised if this is an NR type thing, but will let Camille tell us what she knows on this.

Yeah I could have the name wrong.... And maybe it's something they are just updating on their website and there is no release around it. I can go back to them if this isn't ringing bells with you guys.

Subject: Re: HC release re Antigen Test Standards

Hi Dominique,

This is not on my radar at all, or on the comms calendar, unless cryptically named something else.

Looping in Camille in case she is aware.

Jean

Hi there – we understand that HC will be releasing its antigen test standard tomorrow. Has anyone seen the products? We just want to be able to reference it in the Daily Report and haven't seen anything in writing yet.

Thanks
Dominique
