This is what B.C. asked for on an emergency basis -

N95 Respirators:	
1860 (S)	240,000
1860 (N/M)	110,000
1870 (+)	200,000
Surgical Procedure Masks	200,000
Face Shields	200,000
Hand Sanitizer (bottles)	200,000

Tomorrow they will receive the following -

We assessed and advised we could provide the following:

Product	Quantity
Mask N95, Cone, 1860	4,000
Mask N95, Cone, 1860s	1,000
Mask N95, Flat Fold 1870+	1,000
Surgical Mask, Flat Fold w/earloop	17,000
Hand Sanitizer 65% Alcohol w/pump	1,000
Face Shield, Disposable w/adjustable headband	46,000

We are still working on getting the rest. For those keeping score, we only received BC's request for supplies this week.

There is some assertion from DPMO that we have never raised the issue of lists of PPE and supplies at the political level. I can tell you we have raised it on every call with PTs for the last 3 weeks. We have calls twice a week

Leslie - what is the schedule for the next batch of N95 masks and how many will be getting? We will factor that into the request.

Thanks,

Steve is in committee of the whole with my Minister, but he said he has filled some of the order and is working on the rest. I will get more definitive numbers when he's out and the status.

Hi there,

My minister is getting asked (I believe by DPM) about how fast we can get N95 masks to BC... where are you guys at on this? Anything you need from me?
