This is what Min Anand's remarks say:

In addition to our international buying efforts, Canadian companies have responded en masse to our call-out to suppliers at BuyandSell dot GC dot CA.

Through this call to action, we have been able to sign contracts with suppliers like Geometric Energy Corporation of Calgary, for example. This company will provide millions of nitrile gloves for healthcare workers.

The name of the company is Geometric Energy Corporation.

Min Anand's remarks says they will provide millions of nitrile gloves for healthcare workers.

Buy & Sell is the PSPC website where potential suppliers submit the products they think they can provide.
