Hi,

High-level messaging from MAA is:
As restrictions begin to be lifted, we know demand for PPE will rise and the need for testing will increase. Our government is supporting P/Ts in procuring this much needed equipment. International supply chains continue to be challenging – but we are making progress. In the last 10 weeks, more than 40 flights have arrived carrying PPE. At the same time, domestic production is ramping up.

Hi all,

Do we have any high-level messaging on the procurement update and the GM announcement? And are the names of the Industry Council ready to be announced? Just need to make sure we have enough time for drafting and review of the PM remarks for tomorrow morning.

Adding James and Vanessa to provide top line message for their ministers. I believe minister remarks are still in the works.

Thanks all!

Hi all,

For tomorrow's PM remarks, our main focus will be on procurement. Could someone please send me the info on Minister Bains and Minister Anand's procurement update? As well as the announcement with GM?

Thanks!
