Subject: FW: Flight schedule for this week

Hi there – I don't see a whole lot of specificity in my notes or from the trackers that officials sent us the other day.

On the April 17 call – folks had indicated that we've placed a new order for 14 million N95 NIOSH masks to come in from China over the next three weeks. So maybe some of those will be on these flights?

I also see 14 million surgical masks that are supposed to leave Shanghai on April 22... Don't see a whole lot of other things.

Looks like the guanidinium made it on the flight yesterday, as per Min Anand's tweet.

Hi Sabrina -- there's a significant rework happening at the moment for the upcoming week flights because of the challenges at the Shanghai airport, so I can't get you anything worth relying on by 1pm today. To give you a sense, the following 6 flights are booked out of Shanghai currently this upcoming week, but the whole schedule is under review, and certainly the goods coming in are being realigned as well.

Leslie

Sorry to bother again guys...

Stickney is lookin' for the flight schedule for this week and anticipated items on board by 1PM.

Think that's feasible?

Thanks!
