Hi Lisa, a few additions and one correction on gloves for the 17th May flight. All in red.

Andre

Few Qs

- Is it 35 flights or 34 in total (if you include tonight's)? Let's use 34. 35 includes a portion of a commercial flight we used – too fancy
- I have in my notes the following, and am wondering if someone might be able to triple check for accuracy:
 - o Received approx. 4.6m surgical masks and 210k gowns on Saturday's flight (16 May)
 - o Received approx. 2.5m gloves & 300k N95s & 1.9M surgical masks yesterday on a flight this weekend (Sun 17 May flight)
 - o Expect to receive 2.5m gloves & 2.6m surgical masks on a flight tonight (tonight = Mon 18 May flight)
 - o Expect to receive 291k gowns & 1.7m surgical masks on a flight tomorrow (tomorrow = Tue 19 May flight)

Hey Lisa -- as discussed, this is what is currently in the PM's remarks:

- Over the last few weeks, we doubled our inventory of surgical masks & face shields
- This week & in the weeks to come, we have & will continue to receive / send hundreds of thousands of medical gowns & face shields to P/Ts
- Have also received ventilators from Zoll in the U.S., with more on the way
- 20+ contracts with Canadian companies to produce gowns, including with Samuelsohn, whose delivery will be ready by the end of this month

Few Qs

- Is it 35 flights or 34 in total (if you include tonight's)?
- I have in my notes the following, and am wondering if someone might be able to triple check for accuracy:
 - o Received approx. 10m gloves & 250k N95s yesterday on a flight this weekend
 - o Expect to receive 2.5m gloves & surgical masks on a flight tonight
 - o Expect to receive 291k gowns & 1.7m surgical masks on a flight tomorrow

^ not sure if any of this would be included in the PM's remarks, however, I am just updating some of his QP cards at the moment for the House tomorrow, and it may be useful to have some of these stats handy (if possible).

Thanks so much!

Sabrina
