No problem! Don't think he was planning to call Legault- will let him know. To be clear we have just figured out that gac has 400.000 masks in Ottawa (3-ply surgical) - the rest is in missions abroad to protect diplomats including those coordinating consular operations, not clear is there are hubs with concentration or other PPE and we are getting that info ASAP.

Hi Laurence,

First off, thank you for your assistance if locating and helping out the 600k surgical masks for healthcare workers.

The plan is for them to go to QC, but we want to make sure that is part of the larger strategy and the PM may call the Premier.

Can you ensure that FPC doesn't call Quebec and inform them of the shipment until we give the all clear?

Thanks,

Matt
