- Export Controls: a few loads now through customs in Shanghai, all has gone well with no delays. Bollore has been pro-active to facilitate

- RFI for Canadian operators capable and interested in providing air cargo charter services is on B&S now
- Contract with UPS being finalized, would enable flights up to 4 flights between 5 and 8 Apr – these dates were not feasible for Bollore and inventory is growing at the warehouse. Will re-direct Primed shipments of masks and gowns directly to UPS if contract is awarded.
- Working with PHAC on developing an increased Canadian logistics footprint to deal with large shipments such as sanitizer and gloves coming by sea through the port of Vancouver in about one month. This will be done competitively and an RFI should be published on B&S in coming days.
