Subject: RE: Procurement update

Sorry Gabbie! If you'd like to include for tmrw, yes go for it.

Officials just confirmed this on our 4C tonight & Matt is good with this being included (if there's space & if there's interest).

Hey Astrid,

If there is space & if there is interest – one positive update is that Fluid Energy in AB has produced 62, 500 pales (that are 5 gallons each) of hand sanitizer which are currently loaded on some trucks & headed to P/Ts across the country. 😊

PM mentioned in his remarks last week that they will be producing million litres of hand sanitizer each month, with shipments starting as early as next week, so this would be an update on that previous mention.

Thanks!
Sabrina
