I can confirm the contract value is \$103 million, for 10M L, and deliveries starting week of April 15. Our dept is checking with the company on their comfort with this being public.

>>> Hey there,

>>> There's interest in having the PM reference the good news story we heard on one of the daily calls about an Alberta company that was converting industry grade stuff (??) into large quantities of hand sanitizer. I believe the contact is \$100m and deliveries should be starting soon. Can you please get us some additional details this evening. Company name, when deliveries should begin etc..
