Pascale,

Further to our call this morning, OPB spoke with the Embassy to provided a heads up, along the lines discussed. They appreciated the

call and highlighted the Embassy spokesperson's comments on the matter of the 1 million masks: <http://ca.china-embassy.org/eng/sgxw/t1773358.htm>

They appreciated the PM's response would be fact-based and expressed the hope that "China-related issues would not be cooked up", while also warning that "at a time when we are working together on fighting the virus, this should not be a time to be pointing fingers".
