Great. Thanks!

Also I see there are regular 12:30 calls re supplies which is great. I shall be joining.

Hi there Paul,

I noticed yesterday that Premier Kenney said he's tasked his Deputy responsible for the AB Emergency Management Agency with coordinating / procuring / distributing PPEs for sectors delivering essential services for Albertans beyond health, and that the DM would be briefing his cabinet on those efforts tomorrow.

Are you aware of other other P/Ts procuring (or looking to procure) PPEs for non-healthcare workers?

Thanks!

Sabrina
