Subject: GE / 3M / Medtronic

Hi Leslie,

Wondering if you'd be able to ask your officials for an update on our orders with GE, 3M and Medtronic. I.E. – size and expected delivery schedules.

We're told we're tracking for GE ventilators to be delivered on a rolling basis starting in May but that it recently got pushed to June.

If you have any intel on provincial orders with these companies that would be great too (I.E. we're told GE has contracts with ON & BC too, and that 3M has orders with every single jurisdiction in Canada). Shannon is leading on gathering intel from the provinces and is copied here.

Many thanks,
Sabrina
