Hi Kirsty,

Thanks for hanging in there every day for the caucus calls.

I haven't been able to catch them all, so I'm not sure if the right way to bring this forward.

I have a local company that can tool up quickly to produce medical supplies. See the email chain following (this was forwarded to me by our Chamber of Commerce Executive director.):

"... I can be operational within 30-45 days.

I confirmed overnight we can be operational and producing 75,000 units per ... "

Regards,  
Ron

Evening Michael, thank you for your quick reply and kind words!

Would love to be connected with MP McKinnon for sure.

Definitely jumped all over sending my info into that link earlier today as well. Fingers crossed.

I'll call you tomorrow as it would be great to connect, I really appreciate your support!

Jason, thanks for the email. This sounds very a great opportunity for your company to help out in these trying times.

I have forwarded your email to MP Ron McKinnon and will follow up with him tomorrow if you have not heard from him.

I strongly suggest you go to the link below and send in your information ASAP!!!  
<https://www.canada.ca/en/services/business/maintaingrowimprovebusiness/manufacturers-needed.html>

Please let me know how you are progressing if you hear from Mr. McKinnon's office and if there is anything I can do to help!!!!

You can reach me on my cell P [REDACTED] if you need to.

Thanks again.

This morning Justin Trudeau announced:

<https://pm.gc.ca/en/news/news-releases/2020/03/20/prime-minister-announces-canadas-plan-mobilize-industry-fight-covid>, as such:

Novo is an experienced Coquitlam manufacturer ready to re-jig & scale up our capabilities to make increased amounts of medical products. I'm eager to keep my staff employed in the battle against COVID-19 and future pandemics.

Here is an overview of our existing and planned capabilities:

Existing product manufacturing specialties:

- \* Hospital grade wipeable pillows
- \* Pillows
- \* Support cushions
- \* Pet Beds

- \* Custom cut and sewing capabilities

NOVO's EXISTING EQUIPMENT READY TO USED:

- \* Automatic Cutting and Sewing machines for pillow, cushion and bag manufacturing
- \* Nonwoven cut and sew system for bulk bag and pillow case sewing machines
- \* Fully automatic fiber processing machinery for stuffing pillows, cushions, pet beds etc
- \* Vacuum packing & boxing machinery
- \* Fully integrated EDI Server system for automatic data population of orders, delivery tickets and invoicing

NEW EQUIPMENT & INVESTMENT NEEDED TO SCALE:

- \* Automatic n95 mask and surgical mask making machinery, installation and training within 30 days
- \* Our machine supplier makes fully automatic mask production lines, we are experienced in these machines, how to operate and maintain them
- \* This machinery will enable immediate production of masks locally within Vancouver area

Products we will scale up to manufacture locally and supply within 30-45 days of investment:

- \* N95 masks - 200,000 per week
- \* Surgical masks – 200,000 per week
- \* Incontinence pads - 20,000 per week

My team staff consists of experienced seamstresses, automatic machine operators, order fulfillment & logistics specialists. We stand ready to begin work on this project immediately.

Please advise what further info you may need,

Jason
