Bonsoir James,

Please find attached the final remarks which address your 17:32 request for modifications, one question and additional translation.

For context in case you are asked, we've received 5.09 million litres from Canadian manufacturers (Fluid Energy and Irving), which is 77%. And those are the only 2 Canadian manufacturers.

Do you expect further changes?

Merci,
Lucie

Thank you!

Attached are our revisions with some parts marked in blue for translation.
I adjusted one line in French (about hand sanitizer) and included a note to check for QC.

James

Objet : For MO approval - Minister Anand's June 9 Presser Remarks

Good afternoon, James and Cecely,

Please find attached for your approval Minister Anand's June 9 Presser Remarks.

This is a bilingual version. French paragraphs follow the English paragraphs (in blue). Feel free to edit as you wish, and we can add more French if that is the Minister's preference. Also, we are missing one number – in yellow – which we are working hard to obtain.

Please note that remarks need to be sent to interpreters early tomorrow morning so we would need a close-to-final version before 10 am; we await your edits.

Thank you,

France Gionet
