In response to request on this - is this a fair statement? :

"We have received more than 700,000 face shields this week, including approximately half from Canadian manufacturers with over 100,000 face shields from Bauer and Toronto Stamp that will be soon be shipped out to provinces and territories."

Confirming that approximately half of the 700K-plus face shields received to date were imported.

Thanks,

Thanks very much.

GM was more of a placeholder in case that contract gets signed! If that's the case, the Minister will just add a sentence to note the development.

Thanks,
Emily

Emily,

Please find attached a tracked version and a clean version of the speech that was QCed.

As discussed with Me'Shel, we'll update the numbers either tonight or tomorrow.

We noticed the addition of "GM?" On Page 4, is it possible to have details about the information sought?

Also, we are looking into your question regarding the 600,000 face shields.

Thanks,
