Subject: RE: Inquiry regarding request for PPE and N95 Suppliers for Government Response to COVID -19

Hi Courtney,

Thanks for reaching out and apologies for the delay in reply.

I suggest you have a conversation with Procurement Canada (PSPC) directly to see what products they are currently accepting. You may also need to speak with Health Canada depending on the product. I am copying Dove from Minister Anand's office at PSPC.

Here is the e-mail for health products - For any questions/requests/applications for other health products, including hand sanitizer, please contact:

hc.covid19healthproducts-produitsdesante.sc@canada.ca

Don't hesitate to follow-up should you have outstanding questions.

Best,
Celine

Hi Celine,

Thank you for your email response - appreciate the information. I do have a couple of questions for you, hoping you or Sean may be able to help, or perhaps you can direct me to the appropriate person.

Questions relate to specs you are hoping to secure with regards to PPE. We would like to ensure we are in line with requirements where possible, to save everyone time during the current course and climate.

If you can let me know a good time that I may reach you, I would very much appreciate it.

Thank you again.

Enjoy your evening.

Hi Courtney,

Thank you for reaching out.

I suggest you visit Procurement Canada's website and provide a submission under their COVID-19 buy and sell webpage: <https://buyandsell.gc.ca/forms/help-canada-combat-covid-19-submission-form>

If you are looking to have a discussion on retooling, please contact our Department: ic.mid-dim.ic@canada.ca

Don't hesitate to follow up with myself or Sean if you have further questions.

Many thanks again for your offer of assistance during this challenging time.

Best,

Celine

Subject: Inquiry regarding request for PPE and N95 Suppliers for Government Response to COVID -19

Good Afternoon Celine,

I am writing in response to the government's procurement announcements to connect with producers and suppliers able to assist with the provision and supply of PPE, including N95's, and other services relating to the current COVID - 19 response plan.

Your name was listed as the contact person on the procurement notice. If this is incorrect, I am hoping you can provide the correct information. I have some questions regarding specifications and details of purchasing.

We are able to supply N95's as required, and looking to determine quantities you will require as well as any guarantee (if any) that the government is offering with regards to procurement. Additionally, is there a cut off date for purchasing or will requirements be ongoing? Any additional information you can provide that is necessary to proceed, would be great.

I can be reached at 416-998-1872 or via return email as listed below.
