A supplier that Randeep flagged to me, Ocalink, has ventilators. It is in the tracker and they have applied to buyandsell. I think they are still waiting on Health Canada approvals, but that shouldn't be long. I would recommend sending to Arianne!  
Thanks-

Madison

Thanks Madison,

Your support has been very helpful.

We had applied to the buy/sell website, I have submitted an amended application due us being able to produce even earlier than anticipated. Our new reference number is **44452**

Thank you for the introduction to Kylie, I am sure we will be in touch. Our Health Canada application is in it's final drafts

And thanks again to Logan.

Cheers,

Thank you Corbin, this looks great. Have you applied to <https://buyandsell.gc.ca/calling-all-suppliers-help-canada-combat-covid-19> yet? If so, can you share your reference number from the application? I know we are prioritizing

ventilators so I will escalate this procurement opportunity. I have attached the document the department shared regarding technical specifications for ventilators.

I have also copied my counterparts at Health and Industry, Science and Innovation, to support you in any Health Canada licensing, or SIF funding support.

Thank you,

**Madison Taipalus**
