Hi Chelsea,

Hope all is well.

A stakeholder from the Black committee reached out on Friday and provided me with the following information.

He mentioned that he currently has access to 1000 ventilators in China.

He applied on the buyandsell.gc.ca 4 weeks ago but has not received any news.

Not sure if the department can reach out in either case.

Cheers,

Kevin

Greg/Kevin,

Kevin, Thanks so much for getting back to me so quickly! We did get contacted by Health Canada and have the process to get our hand sanitizer approved and into Canada. We will keep you updated on that progress.

Attached are the documents and descriptions of other COVID19 products that we have available.

Namely:

1. MASKS - 3 ply and KN95
2. SUITS
3. Ventilators (1000) Must make a quick buy on this!!!
4. Thermometers
5. COVID RAPID test kits!!!

We would like to get in front of a procurement officer who can assist us in reviewing if there are any needs for these items at the federal or provisional level.

Respectfully,  
Doug Minter
