Subject: RE: Canadian Mask Manufacturing and Obtaining a Letter of Intent or Contract

Hello Mr. Lazaris,

Thank you for reaching out to support Canadians in this crisis.

I would invite you go to <https://buyandsell.gc.ca/calling-all-suppliers-help-canada-combat-covid-19> and complete the submission form as this is the site we use to capture, in a centralized way, all submissions for PPEs.

Please complete our submission form, please send me the reference number you receive. I will pass it along to our department and the team will follow up. This is our standard procedure for all interactions with companies as we are trying to collect everything in one place.

Please let me know if you have any questions.

Best regards,

Chelsea Kusnick

Subject: RE: Canadian Mask Manufacturing and Obtaining a Letter of Intent or Contract

Hon. Anita Anand,

We are a startup Medical Device and PPE sourcing company based in Montreal Quebec that is in the later stage of starting a local manufacturing facility of 3ply Level 3 Medical disposable masks. We would greatly appreciate if we may have an opportunity to either bid or obtain a governmental contract for production of such Medical Products.

Since we do not know how to go about, whom to discuss our project with or which department to direct our inquiry at, we would greatly appreciate your help in this matter. Kindly allow us the opportunity to help.

Sincerely,

Peter Lazaris

Director of Business Operations
