Hi there,

I would encourage them to connect with Health Canada to ensure they meet regulatory standards and apply via PSPC's buy and sell site. Contact info and additional information below:

FOR NEW OR RETOOLING IDEAS:

Industry, Science and Economic Development Canada (ISED) has launched a "call to action" to Canadian manufacturers to help fight COVID-19. They have created a new web page as well as an intake for manufacturers that make needed supplies, have the potential to rapidly re-tool existing facilities or equipment, or who have skilled workers that could be available to work elsewhere in Canada.

- Web page: <https://www.canada.ca/en/services/business/maintaingrowimprovebusiness/manufacturers-needed.html>
- Generic email address: ic.mid-dim.ic@canada.ca

FOR EXISTING SERVICE PROVIDERS OR MANUFACTURERS (NOT RETOOLING):

Public Service and Procurement Canada (PSPC) has established a web portal and intake form for suppliers that are able to provide specific products (i.e. N95 masks, gowns, gloves and other PPE) or services (i.e. nursing, food, security)

- Information submitted through the web portal & generic email address are triaged by type and then referred to a procurement “tiger team” that crosswalks the information submitted through the portal to requirements determined by PHAC & P/Ts
- Web portal: <https://buyandsell.gc.ca/calling-all-suppliers-help-canada-combat-covid-19>
- Generic email address: TPSGC.PABPMEClient-APOSMEClient.PWGSC@tpsgc-pwgsc.gc.ca

Hi!

I am passing on another company hoping to provide masks! I will notify him I have passed this on to possibly relevant ministries.

Also, I am unsure if we are meant to send these offers of help through Ontario Desks, so please let me know if I should be sending them elsewhere instead.

Subject: KN95 Facemasks

Dear Ms. Bennet MP,
I own an import distribution company, we've partnered with Kornbusch & Stating a German company that manufactures KN95 facemasks in China.

Normally I supply retailer, as such I don't have government contacts for purchasing. As we are currently operating in a state of emergency, I would appreciate your assistance as I believe this will speed up the process. I can deliver KN95 mask in 15 to 20 days as we are expediting the process and air freighting the product to Toronto.

Who should I contact?

Stay safe
Regards,
David
