Joel and I can work on this together. I will have the latest stats from dept tonight and can share with you both.

Are we using answers from the Q&A doc a starting point? Most of these are covered there.

Hi Caitlin

There are 3 potential OGGO questions (from Elliott) that I think you are best placed to answer. Could you mind preparing a draft answer in the google doc?

Would really appreciate it!

Thanks, Emily.

I believe we are just doing the rough draft and then Elliott will pass it on. At least that's how I understood the process.

Attaching here – noting that on N95s, we are saying that over 2M have been received, subject to PHAC testing.

If possible, Tristan and myself should review for consistency once ready.

Thanks,  
Emily

Team --

See below request from Parl. I have allocated the questions (including some to Tristan as he knows the latest numbers best). Could I ask you do draft answers by this evening so that I can review them before tomorrow morning?

I know it is a long list but I hope we can leverage other materials that we have, like the comms notes that MAA uses for the presser.

@Emily – could you share this with us?

Also, given the VPN challenges, maybe we can put the draft responses in this Google Doc:

Questions? Suggestions?

Thank you so much!

Boyan

Hi Boyan,

I've attached some potential questions we've drafted for a likely appearance by the Minister at OGGO. Can you work with your team to get the responses to these questions?

We would like them by End of Day Friday if that works for you.

Let me know if you have any questions or concerns.

Thank you!

Chelsea
