Will do a heads-up and add this as the proposed response.

Canada has an agreement with Bolloré Logistics to provide transportation, reception, inspection and storage services. As part of this agreement, Bolloré Logistics organizes the transportation of personal protective equipment purchased by the Government of Canada from China. This will be an ongoing process as orders are ready to be shipped to Canada

I am fine with using the previously approved language used for AFP.

“Canada has an agreement with Bolloré Logistics to provide transportation, reception, inspection and storage services. As part of this agreement, Bolloré Logistics organizes the transportation of personal protective equipment purchased by the Government of Canada from China. This will be an ongoing process as orders are ready to be shipped to Canada.”

See question below.

Will MO respond or the department? If so, do I draft a heads-up?

Thank you.

Subject: private firm contracted in China

Hello,

Just a question following up on Minister Anand's comments today.

Can you tell me the name of the firm contracted in China for quality control, logistics and the rental of a warehouse in Shanghai, mentioned by the Minister?

thanks
