One thing that has also come up in my QA review as well is the Abbott contract for the serological tests for research purposes. I know on Thursday that Arianne had mentioned it was close to being finalized with deliveries beginning in the week ahead, but not sure if folks have more insight on that.

Could we add something about vaccine supplies? Wondering if we can talk about the BD contract.

Hi gang,

Just got the Dept's draft of speaking notes for Tuesday this morning – Min was asking for them, so I have already sent the attached draft to her.

It will also be going back to the Dept for fact-checking – but wanted to let you guys see it should you have any concerns, flags or suggestions.

Thanks!

James
