**Subject:** For approval: Media Response / Tier 1 - COVID-19 - Ordering Equipment from China / Agence France Presse

Hi Leslie,

I spoke with Boyan and Tristan on this one, and confirmed with dept comms that Andrée had been engaged on the proposed response below re: the contract in place with Bolloré Logistics.

However, as this is certainly new information and could have implications on the ground in China, I wanted to ensure we got your input on sharing this publicly.

Understanding that this could also be an opportunity to refer back to in responses and interviews on the range of support we have on the ground.

Let us know your thoughts on confirming this.

Thanks,  
Cecely

**Deadline: (awaiting our response as soon as possible)**

Tier 1 - COVID-19 - Ordering Equipment from China

**BACKGROUND:** The reporter is seeking confirmation of information from the French company Bolloré, which is set to deliver medical equipment from China via 15 flights beginning on April 2, 2020.

He would like the information as soon as possible, since he mentioned that Agence France-Presse (AFP) provides an essential service as an international news agency.

**VALUE STATEMENT:** As part of the Government of Canada's whole-of-government response to COVID-19, Public Service and Procurement Canada, in collaboration with the Public Health Agency of Canada and Health Canada, is leading efforts to purchase equipment, supplies and services needed for the response is leading the efforts to get the equipment and supplies needed for the response.

## QUESTIONS / ANSWER:

**Q1. Do you have any details on this operation, such as the type of equipment, schedule, etc.?**

**Q2. Is the first flight scheduled to land in Toronto on April 2?**

**A1-2:** Canada has an arrangement with Bolloré Logistics to provide transportation, receiving, inspection and warehousing services. As part of this arrangement, Bolloré Logistics is arranging transportation from China of **personal protective equipment** purchased by the Government of Canada. This will be an on-going process as shipments are ready for movement to Canada.
