Hi, Chelsea – no, I don't expect a reply on Sunday 😊 Can you believe that Montreal is expecting snow tomorrow?

I just want you to know that I have now concluded an arrangement for the provision of medical gowns, in addition to my being able to supply medical N95 masks as well as non-medical KN95's, plus the Israeli 'special' mask that kills the virus upon contact. I stress again that all contracts will be honoured for quality and delivery – no defects and no 'issues'.

Please let me know if you would like to see samples of the Israeli mask (or anything else).

I wish you a great week.

Bennett

Many thanks – if they don't think that they can use this mask, something that kills the virus on contact, then something somewhere is wrong.

By the way, is it permissible to send you a sample?

Can't have it all I guess! This weather has been crazy lately.

I did provide your info to our department so I assume they have had a chance to look at it. They will get back to you if they think we can use your supply.

Let me know if you have any other questions. I'm here to help!

Good afternoon, Chelsea – well, we finally have sunny weather here, but it's colder than Donald Trump's heart! 😊

I received a few minutes ago an email "thanking me for the submission" – was that your doing?
