Thanks for the introduction Tasha,

Hello Gian,

Hope you are doing well and keeping safe.

I will defer to my colleague Dove from PSPC, copied here, to discuss procurement details. With respects to regulatory approval, I would encourage them to connect with our department at Health Canada to ensure they meet regulatory standards using the links below. These channels have been set up by all three departments to rapidly respond to these types of inquiries.

See below for additional information.

FOR NEW OR RETOOLING IDEAS:

Industry, Science and Economic Development Canada (ISED) has launched a “call to action” to Canadian manufacturers to help fight COVID-19. They have created a new web page as well as an intake for manufacturers that make needed supplies, have the potential to rapidly re-tool existing facilities or equipment, or who have skilled workers that could be available to work elsewhere in Canada.

- Web page: <https://www.canada.ca/en/services/business/maintaingrowimprovebusiness/manufacturers-needed.html>
- Generic email address: ic.mid-dim.ic@canada.ca

FOR EXISTING SERVICE PROVIDERS OR MANUFACTURERS (NOT RETOOLING):

Public Service and Procurement Canada (PSPC) has established a web portal and intake form for suppliers that are able to provide specific products (i.e. N95 masks, gowns, gloves and other PPE) or services (i.e. nursing, food, security)

- Information submitted through the web portal & generic email address are triaged by type and then referred to a procurement “tiger team” that crosswalks the information submitted through the portal to requirements determined by PHAC & P/Ts
- Web portal: <https://buyandsell.gc.ca/calling-all-suppliers-help-canada-combat-covid-19>
- Generic email address: TSPGC.PABPMEClient-APOSMEClient.PWGSC@tpsgc-pwgsc.gc.ca

Subject: Face Masks and Surgical gowns donation

Hi Tasha,

Minister Bains has asked me to send this information to you.

Mr. Teddy Cui, CEO of Skeena Sawmills Ltd., of Terrace, B.C, is associated with **Rizhao Sanqi Medical and Health Articles Co., Ltd.**, that manufactures Class 1 - Surgical gowns, N-91, and N-91 Masks. He is currently in China and wants to donate thousands of them to a hospital in Terrace or any other hospital in Canada that needs them urgently.

He has been contemplating shipping them in a container that will take 5-6 weeks to bring them to Canada.

We are hoping to get the Government of Canada's assistance to fly them over from China on one of the Canadian airlines.

Kind Regards,
Gian Singh Sandhu
