Hello Mr. Nolin,

Our government has created a form. We ask that you share it with Ms. Taschereau so she can fill it out. That way, all the information and offers can be evaluated. You can find the form using the following link:

<https://buyandsell.gc.ca/calling-all-suppliers-help-canada-combat-covid-19>. After the form has been filled out, please send me the reference number that you get so I can follow up on your order with the department.

Thank you for offering your support. If you have any questions or concerns, please don't hesitate to contact our office.

Sincerely,

Chelsea Kusnick

Geneviève, here are the texts that I received a few minutes ago from someone I know well, France Taschereau. Her partner has some masks and some supplies purchased in China. Please forward her offer to the right person!

Sorry to bother you but time is not on our side Here's the thing, since time is of the essence The topic that everyone is talking about is no doubt KM95 masks A friend of mine and business partner for 9 years has put a hold on 200,000 of these masks with his supplier in China. 500,000 have already left for the U.S. The Legault government is taking a long time getting back to him with an answer about taking them ...he has been in touch with Legault's political assistant since Thursday If you can or if you want We can discuss it However, at 9 o'clock tonight he will have to take them or let them go to other countries There you have it In addition, he also has 1000000 disposable masks Like a lot of people, I'm trying to help

Anyway, I don't know exactly what you do now, but I wanted to try my best for us before these supplies head to other countries.

Maurice also has gowns and face shields I can definitely put you in touch with him if there is any interest I just spoke with him after your email Talk to you later You are an angel

France Taschereau
