Hi Heather,

I hope you are well. Let this Easter holidays fulfill our hearts with joy and for better times, and they will come!

I'm forwarding you the original email sent to Honourable Hadju and Anand. Also, I've responded to the Buyandsell website, my submission number is #48523. Finally, I responded to the call on action from Innovation, Science and Economic Development Canada, they did not confirm a submission number.

I can secure the production of 2 million procedure masks and 3 million disposable gowns. Delay for complete production is 2 to 4 weeks. All made in Vietnam. I should have samples available by end of this week. These PPE's need to be certified by Health Canada. **Would Canada have a need to secure these PPE's?**

I look forward supporting our country and protecting our citizens.

Sincerely,

Manh Nguyen

P

**Subject:** PPE – Services

Dear Ms. Hajdu,

I hope you are well. I am a citizen of the Island of Montreal in the riding of Notre-Dame-de-Grace. Its elected Member of Parliament, the Honourable Marc Garneau, has asked me to contact you directly (see attached email).

We would like to participate in the Government of Canada's efforts to replenish its inventory of personal protective equipment to combat COVID-19. We offer to manufacture protective gowns and surgical masks manufactured entirely according to the standards required by Quebec. Attached to this email is a description of the manufacturing standards required for each of the items (Appendices 1 and 2). The production capacities are measured per million for each product and the factories are in Vietnam. We know the supply chains involved in importing apparel into Canada from Vietnam because we have been in the retail business for 15 years. Deliveries are usually made by ship and we are currently exploring the use of aircraft.

We want to build a strong partnership to support the collective effort to care for our citizens while ensuring that employees have the proper health equipment. **If there are needs to be filled, we would be happy to participate in a discussion to offer you our services, clarifying quantities, deadlines and prices.**

Sincerely,

Manh Nguyen
