Subject: FW: Procurement of N95 Masks

Importance: High

Hi again Dove,

I am reaching back out in regards to my previous enquiry about Mr. Nash Yousef. He claims he has supplies of: NIOSH certified N95 masks, US made certified N95 masks, nitrile gloves, alcohol wipes, and Decon7 decontamination solution but is having trouble transporting these products. What help is available to ensure these products reach those in need?

Constituent's information:

Nash Yousef

P [REDACTED]

nash.yousef@eyeinvestigate.com

Thank you for your assistance in this matter.

Warm regards,

Sabrina M. Cigana

Subject: RE: N95 Masks

Thank you for email Ms. Cigana.

The challenge we are having is dealing with the overwhelming bureaucracy that is keeping product to reach those in need.

I have already applied on this site and it seems to have floated into a black hole. I received a call from someone from NRG and then nothing. In addition to the Chinese made NIOSH certified N95 masks, we supply US made N95 Certified

masks, nitrite gloves, alcohol wipes, and Decon7 decontamination solution. The last of which is probably the most pressing item to combat the spread.

Transport Canada wanted to place an order but as of yesterday afternoon, PSPC has stopped all independent purchases and once again I am challenged with the bureaucracy. Is there someone at PSPC that can help us to get the order for Transports Quebec moving?

Thanks,
Nash

Good day Mr. Yousef,

I understand you have been in correspondence with my colleague Anna regarding how to bring certified N95 masks to Canada from China.

After reaching out to Public Services and Procurement Canada, we have been advised that you should fill out the form found here: <https://buyandsell.gc.ca/calling-all-suppliers-help-canada-combat-covid-19>. We are told a department official will reach out once it is decided if they will pursue the submission considering it is a foreign stakeholder.

I hope this information is helpful and informs you what is best moving forward. Know our office wishes for your continued health and safety during these unprecedented times.

Sincerely,

Sabrina M. Cigana

Hi Sabrina,

Apologies for the delay in responding. I would advise that your stakeholder fills out the form, in turn, a department official will reach out once they decide if they will pursue with their submission.

Importance: High

Good day,

Our office has been in communication with a Mr. Nash Yousef regarding certified N95 masks available from China. He has contacted our office looking for further direction on how he can bring these much needed masks to Canada and had questions around what paperwork is involved. I understand there is a submission form available here: <https://buyandsell.gc.ca/calling-all-suppliers-help-canada-combat-covid-19> however I'm unsure if foreign suppliers may use this as well.

I appreciate any further clarification you can provide our office moving forward, and know we wish for your health and safety during these unprecedented times.

Warm regards,

Sabrina M. Cigana
