PHAC has asked for professional help to create an overall master plan/vision for vaccine logistics and distribution as opposed the loi here we will look at individual suppliers with logistics expertise.

Hi Levent, we awarded the TA to PwC under Global Expertise for that vaccine logistics requirement today, subject matter experts to help Sylvain and Tom with vaccine distribution contracting, in their work with PHAC. There were a number of issues but we addressed them all, with a little legal help from David too. PHAC seems pleased. It is good to see that tool is proving effective.
