Jan – thanks for this.

RD looks great to me. Made changes to the agenda as Krista noted below.

Kaili,

Please see attached the latest version of the revised DM VRO agenda from Krista.

Note in her email below she seems to say “risk register” is back on, but she never provided me with a new version of the agenda that includes it; did you hear anything about it in that call you were on?

Thanks!

P.S. latest version of the ROD tracker attached as well.

Jan

Jan – Kaili was on the call where this was discussed – I expect you will hear back from her on the changes.

Thanks – it looks a bit different and was discussed with Patrick this am.

We will track down VIC deck as it stands now for distribution.

Cab forward agenda is being revised.

Once Statement of Common Principles lands for CDMH, we can provide.

CP for logistics will be coming closer to the meeting.

Hi Krista,

Here's the draft agenda; please feel free to modify as appropriate and send me back a revised version once you've had a chance to discuss with Patrick.

Thanks!

Ok – thanks – will discuss with Patrick this aft.

SWOT might be risks – we can be ready on risks, much less ready on SWOT.

Hi Krista,

I hadn't heard anything further about the Cab fwd thinking... I'm not sure who was actually tasked with revising that document.

Kaili actually just mentioned she spoke with Patrick and they had suggested:

1. SWOT analysis
2. FPT strategy
3. COVID Cabinet Committee decisions

I'll draft up an agenda with you based on these three and share with you for now as a starting piece 😊

Jan,

I hope you had a good weekend!

That is all I heard as well – have you received any further feedback from anyone on the Cab fwd thinking?

A few other thoughts, in addition to Cab fwd agenda, which I will raise with Patrick during our meeting this aft at 5 (Ottawa time):

Debrief of CDMH – Statement of Common Principles is going back to CDMH this week so we could share the latest version and debrief out

I think we will get to a workplan very soon to show DMs. Not sure about readiness by Thursday.
All this to say, stay tuned, I will close the loop with you at the end of day today.

Hi Krista,

I hope you had a good weekend. Just wanted to check in and see if you had heard anything on your end about potential agenda items for this week's DM Vaccine Rollout meeting?

I don't think anything in particular stood out from last week, other than refining the list of proposed topics for Cabinet COVID Committee (so if the new version was ready in time, I imagine it would be on the agenda).

Thanks!

Jan
