Subject: FW: Testing strategy and antigen guidance

Mona - further to your conversation with Steve today, please find attached the draft Screening and Testing Strategy chapeau, along with the draft updated PCR and new antigen guidance. A background deck is also included for reference.

Hope this is helpful.

LL

For ease of reference for you, I have bundled current status of docs DMSL noted. I also included the updated PCR guidance (that deals with updated guidance on asymptomatic testing).

N.

Subject: Testing strategy and antigen guidance

Hi - can you share the updated chapeau, testing strategy and antigen guidance with Mona? I was talking with her today and she asked about it.

Thanks!
Steve
