Thanks - in the spirit of shortening, we did combine into one doc if you prefer, that includes current state of play and the more granular details as annexes instead.

Ok we will use both documents.

Lissa, Bhavik - pls circ for the 3:30 vaccines meeting today.

Steve

> Hi - do you have a document that you'd suggest we use for our discussion with PHAC on getting organized internally on vaccines? This is to make sure that we have full awareness of all of the moving parts plus process for briefing the minister. We can talk about your more substantive briefing that you're pulling together today (when will you have a draft?), the minister's call with the VTF tomorrow and the briefing with her on Thursday.
