Rebecca,

We briefed our PSPC DMO and we have a briefing set-up with PSPC MinO on Monday.

Subject: RE: Urgent questions -- procurement in response to COVID-19

Hi Rebecca,

I'm going to refer you to Jean-Francois Lymburner, the DG lead. He is much closer to the file than I and is probably better placed than I to address your questions.

Cheers, Corri

Importance: High

Hi Corri,

PMO is seeking an update on progress in setting up the Industry & Supply Council – i.e., whether it has been set up, when the first meeting will take place, and the thinking on members. Has your Minister been briefed on the Council? Can you let me know who within PSPC is leading on this?

Thanks,

Rebecca

Hi Rebecca,

Will have to leave you in HC's hands on Q2, but on the first one, department is engaged in early but rapidly developing planning—nothing to share at this point but work ongoing so our MinO can be engaged.

Thanks, Corri

Importance: High

Hi,

We have received some questions from PMO on the following:

- Progress in setting up the Industry & Supply Council. When will it begin to meet and is there a proposed list of members? Anything you could share would be appreciated.
- What PPE/medical equipment is left in the national stockpile, and what P/Ts have left in their PPE inventories (I believe this is a question for PHAC/HC and I am following up with them as well; however, I am sharing the question with PSPC in case you have information to add).

Thanks in advance for your help.

Rebecca
