Subject: Re: For approval : Requisition for contract with Amazon
I approve. We need to ensure that as contract gets finalized that we keep total line of sight from point of view of potential comms announcement. Any sense as to when finalization will happen?

Hi Tina,

Please provide your approval under section 32 for us to proceed with a requisition to contract with Amazon support logistics related to the COVID-19 response. Contract will be until March 31, 2021.

The requisition will be for a value of \$5M excluding taxes. We will be billed based on actual services.

Thanks,

- Karen
