What is your work cell and Tania's work cell?

Thanks

Subject: Intro

Hi Boyan and Celine,

I wanted to introduce the two of you. Boyan is the new DPol in Minister Anand's office at PSPC and Celine is a policy advisor in Minister Bains's office at ISED.

Boyan, Celine and I recently discussed the procurement process with a company that does disease modelling that might be particularly useful these days. Celine knows more than I do – it may be worthwhile to connect about it so we're all on the same page.
