Hello Anthony,
Hello Jean-François,
Dear Caitlin,

I received this email from MP Gérard Deltell who, despite his political allegiance, has been a good friend since 20 years.

The reference mentioned by the member Deltell is very serious. Mr. Gagnon, the vice-president of an aviation company, is a very important stakeholder here in Quebec city.

I left her a message on her voice mail to find out more.

Can this offer be an opportunity for our government?

Thank you,

Jean-Luc

Hello Jean Luc

Thanks again for your cooperation.

I have also noted it to FM 93 in fds and yesterday on Radio-Canada (reporting to be broadcast later).

I am calling on you once again, this time concerning medical equipment.

A friend of mine, Dany Gagnon, vp of Chrono Aviation, is prepared to pick up 3M masks and is asking me who to approach.

I thought of you.

You can reach him at

Dany Gagnon Vice-president Chrono Aviation [418-529-4444 ext 2](tel:418-529-4444)
dgagnon@chronoaviation.com

Many thanks,

G

PS: This is a copy of his message:

Listen, I am going to offer to lend a hand. I have access to 3 million KN95 masks with my Airbus 340 that is coming back next week.

I don't know whether the government is still looking for products, or do they have enough? I have no contacts so I am throwing the info out to you if you think it might be of interest to someone.

We are already picking up several million for private clients but I have an option for an additional 3 million....
