We are working on a letter to Min.Champagne on export permit delays. It is something we are consistently hearing about on stakeholder calls.

PSPC only. I'd get on the phone with them and figure out what they want help with. Export permits are GAC, aka their department... (I believe Champagne's office is lead though)

Hey Dove,

Can your department provide messaging or assist in this matter?

Zach

Good morning Minister,

Tony Baldinelli has received a request for help from a company in his riding. It is both highly relevant for the COVID-19 pandemic, and it is also unusual in the sense that the business has experience lengthy government delays in their export permit approvals process.

Mr. Baldinelli is requesting we look into the matter for this company, in order to assist and expedite their current export permit applications so they can supply the world's leading chip manufacturers, which will be used in critical healthcare equipment worldwide to save lives during COVID-19. Please see his note below which thoroughly describes the issue and let me know if you require any further information.
