Hello Emily,  
Here are the final products. The only thing missing is the French backgrounder.

**\*\*Important last minute update: We currently have 17 members.**

There is also a new question at the end of the QA.

*Will the Supply Council provide advice on drug purchasing to Health Canada?*

- *No, that is not the intent of the council. The main focus will be on purchasing essential equipment, such as personal protective equipment, as the economy recovers.*

In fact, the PM has just announced that our Minister will be announcing the council.

Thank you,

Lucie
