Importance: High

In addition.

Worth keeping a close eye on this one.

Hi Anthony,

I was referred to you by Geneviève Hinse. We are supplying healthcare products specifically targeting the needs of health organizations, governments, front lines workers etc in regards to the Corona Virus.

We have direct supply from partnered factories. All products are direct from factory and are fully certified CE/FDA/ISO/NIOSH.

The minimum order for face masks is 1 million units.

Please see attached list of products including pricing. I have also included information on Real Time Detection Kit.

In addition, we have protective gowns Certified AAMI2/AAMI3 FDA/CE approved.

We have placed on hold for 100 units of the Phillips Respiroic Bi-PAP A40 Ventilators. These are available immediately and can be shipped out as early as today from Toronto.
